

Name: _____

Date: _____

LAB REPORT

1) **Background** (What did we learn about in class?)

2) **Hypothesis** (What do you think will happen? Make a guess!)

3) **Materials** (What do we need to complete this lab?)

- a) _____
- b) _____
- c) _____
- d) _____
- e) _____

4) Record your **observations** (Draw a graph, write data, or draw what you did)

5) Draw **Conclusions** (What actually happened?)

6) **Review your hypothesis.** (Was your hypothesis correct or incorrect? Why?)
